Military students who need extra help paying tuition could be eligible for the Imagine America Military Award Program (MAP). MAP is a national aid program established for honorably discharged or retired veterans of a United States military service branch for attendance at a participating career college.

Students will be notified by email of their final application status. If accepted by the college, the student will be given instructions on how to download their certificate. The recipient will be directed to bring this to the college for processing of the \$1,000 tuition discount.
